Summary

As an undergraduate software engineering student with a passion for learning, I am seeking opportunities to expand my technical skills and gain practical experience in the field. With proficiency in various programming languages, as well as experience in Laravel and Angular frameworks, I am confident in my ability to contribute to software development projects. Additionally, my strong soft skills make me a valuable asset to any team.

Skill Highlights

Technical Skills
- HTML5
- CSS/SCSS
- JavaScript/Typescript
- SQL(MySQL)
- PHP
- C#
- C++
- JAVA
- Laravel
- Angular
- Git

Soft Skills
- Teamwork
- Adaptability
- Time management
- Problem solving
- Logical thinking
- Fast learner

Experience

Junior Full Stack Developer - 04/2023 – Present
BIM POS
- Technical skills: Laravel, MySQL database, PHP, vue.js.

Frontend / DevOps Intern - 09/2022 to 11/2022
Inmind.ai-Beirut
  Frontend Module:
- Build web applications using Angular framework (Best practices, REST APIs, RxJS)
- Implement authentication (JWT, Interceptors), authorization (Route guards, Ngx permissions)
  DevOps Module:
- Docker basics
- AWS console basics, services and networking.
- Develop infrastructure as a service using AWS CDK.

Android Developer-Intern - 07/2021 to 09/2021
Mobile Arts-Beirut
- Built an AI Photo-Translator Mobile Application (JAVA)

Education

Bachelor of Science: **Software Engineering – 5th Year**
Antonine University, Baabda

Certifications

- CCNA introduction to networks (2019)
- CCNA Routing and Switching Essentials (2020)
- CCNA Scaling networks (2020)
- CCNA Connecting Networks (2020)

Languages

- Arabic – Native
- English – Conversational
- French – Beginner
